

FIGHT COVID-19 | GET VACCINATED

Guidance Date 12/28/20

COVID VACCINE CLINIC AT THE QUEEN'S CONFERENCE CENTER EMERGENCY PROCEDURES

The following Emergency Procedures are authorized at the COVID Vaccine Clinic at The Queen's Conference Center:

1. For emergencies prior to cardiopulmonary arrest, the Rapid Response Team (RRT) will be activated and all RRT protocols will be authorized.
2. Code Blue will be activated for cardiopulmonary arrest and as per RRT protocols/procedures. All Code Blue protocols will be authorized.
3. At the same time that the Code Blue is activated, 911 will be called to facilitate transport.
4. A code cart, with an AED instead of a defibrillator, will be available in the clinic.
5. A wheelchair will be available in the clinic.
6. Medications to specifically treat anaphylaxis will be available in the clinic.
